To access your email account through your Treo 650, use the instructions below.

## To Set Up Email on Your Treo 650

1. On your **Treo 650**, go to **Applications**, then tap **VersaMail**.
2. Press the **Menu** key, select **Accounts**, then tap **Setup**.
3. Tap **New**.
4. In the **Account Name** field, type the name you want to use for the account.
5. From the **Mail Service** list, select **Other**.
6. From the **Protocol** list, select **POP**, and then tap **Next**.
7. In the **User Name** field, type your full email address.
8. In the **Password** field, type your password, and then click **OK**.
9. Tap **Next**.
10. In the **Email Address** field, type your full email address.
11. In the **Incoming (POP3) Server** field, type **pop.secureserver.net**.
12. In the **Outgoing (SMTP) Server** field, type **smtpout.secureserver.net**, and then tap **Next**.
13. Tap **Advanced**.
14. Click **Next** to skip the Incoming Server Settings.
15. Under **Outgoing Server Settings**, select **Use Authentication**, enter your full email address and password, then tap **Done**.
